TECHNOLOGY IN COURSES PROPOSAL FORM FOR SPRING 2015

INFORMATION

Your Name: 
Department: 
Course Name and ID (e.g., ENG101): 
Course Ceiling: 

PROPOSAL QUESTIONS

1. Which new technology do you propose to use in your course? (please indicate one) 
   a. Parrot AR.Drone 2.0 
   b. GoPro Wearable Camera 
   c. Microsoft Surface Pro tablet

2. If there is a technology not listed above that you would like to use in your course, please tell us about it by providing its name and a brief description. If you have a link to a Web site with more information about it, please provide that as well.

3. Provide a general description of your course, including topics, learning goals, and course activities. If you have developed a course syllabus, a copy of it will fulfill this requirement.

4. How do you envision using the new technology/equipment in this course to enhance teaching and learning and engage students?

5. What research questions are you most interested in answering with regard to using this technology or equipment in this course? How will you evaluate the effectiveness of the use of this technology/equipment?

6. Describe any experience you have using this type of technology or equipment for academic, research, or personal use.
